From reception to boardroom
and everything in between

all on its way to you in 10 days!

Haven modular components come together to provide an endless variety of design options. Functional and refined, Haven's extensive breadth of line and wide choice of finish selections deliver the ultimate in product modularity and flexibility.

► **Desk Top Panels:**
Available in 12" and 18" heights, frosted acrylic panels provide a simple, attractive option for space division and visual privacy.

FUNCTIONAL

Shown in Shiraz Cherry

Haven Plus makes a distinctive statement with its substantial 1-1/2" thick worksurfaces and distinguished styling details - an elegant design alternative. Steel lateral file drawer interiors and high quality hardware ensure that strength and durability work hand in hand to complement Haven's striking appearance.

► Frosted glass doors provide an enhanced executive appearance in this private office application.

ELEGANT

SOPHISTICATED

Create the look and function that best supports your working style. With a multitude of components, Haven delivers a unique and sophisticated design solution to every work environment; and does it at a very affordable price.

WELCOMING

First impressions count. Haven reception stations project a welcoming and professional atmosphere, while providing an efficient and supportive work environment for the user. Coordinating or contrasting tops and bases allow almost unlimited design versatility.

Collaborative workstations designed to support today's fast-paced business environment. Cost effective, high performance furniture, Haven easily and stunningly adapts to the open plan concept. Acrylic panel accents and aluminum legs create a lighter, more open space.

► **Leg Construction:**
Anodized aluminum legs provide integrated wire and cable management capability.

COLLABORATIVE

Shown in French Burgundy

Providing a wide range of conference table shapes, sizes, and base options, as well as complementary furnishings, Haven meets all your conference room requirements with style and comfort.

► **Power station:**
Provides concealed access to power and data receptacles within the worksurface.

► **Mobile Whiteboard/Divider:**
Mobility means flexibility. This highly versatile mobile whiteboard/divider can be used anywhere in your busy office.
